Research Interests

Machine Learning · Reproducible Research Workflows · Longitudinal and Survival Data · Alcohol Epidemiology · Chronic Health Outcomes · Social Determinants of Health

Academic Appointments

- **University at Albany, State University of New York** — Assistant Professor — Sept. 2023 -- Present
  Department of Epidemiology & Biostatistics, College of Integrated Health Sciences (CIHS)
- **The Pennsylvania State University** — Postdoctoral Fellow — Aug. 2021 -- July 2023
  Prevention Research Center
- **The University of Texas at San Antonio** — Research Fellow — May 2021 -- Aug. 2021
  Institute for Demographic and Socioeconomic Research
- **The University of Texas at San Antonio** — PhD Candidate — Aug. 2017 -- May 2021
  Department of Demography
- **The University of Texas at San Antonio** — Lecturer — Jan. 2020 -- July 2020
  Department of Public Administration
- **University of Dhaka, Bangladesh** — Lecturer — Aug. 2014 -- Aug. 2017
  Department of Sociology

Education

- **The University of Texas at San Antonio** — PhD, Applied Demography — 2021
  Dissertation: "Alcohol Consumption Behavior and Adolescent and Adult Health and Mortality Outcomes in the United States." Committee: P. Johnelle Sparks (Chair), Corey Sparks, Ying Huang, Jeffrey Howard.
- **McMaster University** — MA, Sociology — 2012
  Hamilton, Canada
- **University of Dhaka** — MSS, Sociology — 2009
  Dhaka, Bangladesh
- **University of Dhaka** — BSS (Honors), Sociology — 2008
  Dhaka, Bangladesh

Peer-Reviewed Publications

Complete list: MyBibliography

■ Articles Under Review

Masum, M., Bhimireddy, K., Chavanpatil, P., Majumdar, A., "Racial and Ethnic Differences in the Association Between Binge Drinking and Frequent Mental Distress Among US Adults, 2013–2023" (under review at **Journal of Racial and Ethnic Health Disparities**) ---

Masum, M., Prasad, R., "Stability of the Immigrant Mortality Advantage across U.S. Birth Cohorts" (revise and resubmit at **Population Research and Policy Review**) ---

Yang, C., **Masum, M.**, Saha, S., Zhang, K., Farooque, M., "Predictive Modeling of Cognitive Function: A Comparative Analysis of Machine Learning Techniques" (under review at **Computer Methods and Programs in Biomedicine**) ---

Masum, M., Scarzafava, M., "Historical Redlining, the Present-Day Alcohol Environment, and Binge Drinking in Early Midlife" (under review at **Journal of Urban Health**) ---

Kum, C., **Masum, M.**, Osokpo, O., Nemati, D., "Life's Essential 8 Cardiovascular Health Profiles among U.S. Stroke Survivors: A Latent Profile Analysis of NHANES 2011–2020" (submitted at **Topics in Stroke Rehabilitation**) ---

Masum, M., Sparks, P., "Hidden Divergence: Aggregate Alcohol Surveillance Masks Rising Disparities Across US Birth Cohorts" (under review at **Journal of Studies on Alcohol and Drugs**) ---

Masum, M., Prasad, R., McCarthy, S., "Decomposing the Baby Boomer–Generation X Gap in Midlife Functional Limitations: A Race-Stratified Analysis" (under review at **Demographic Research**) ---

Masum, M., Tasnim, N., "Abstainer Heterogeneity and the Alcohol-Cardiovascular Mortality J-Curve in Early-Midlife US Adults" (revise and resubmit at **Addiction**) ---

Masum, M., Chavanpatil, P., Bhimireddy, K., Majumdar, A., "Who Keeps Drinking, and Who Stops: Decomposing the Non-Drinking Reference Group in Estimates of Alcohol-Related Harm among United States Adults, 2013 to 2023" (under review at **Addiction**) ---

Masum, M., Nemati, D., Kum, C., Osokpo, O., "Does Life's Essential 8 Predict Mortality as Well as the American Heart Association PREVENT Equations? The Role of Age" (under review at **European Journal of Preventive Cardiology**) ---

Hossain, M., **Masum, M.**, "Multiple Chronic Physical Health Conditions, Family Income, and Psychological Distress among Older Adults in the U.S." (under review at **International Journal of Aging and Human Development**) ---

■ Manuscripts in Progress

Masum, M., & Pal, B. Income-related miscalibration of fatal cardiovascular risk predicted from PREVENT risk factors in US adults. ---

Nemati, D., Kum, C., Osokpo, O. H., & **Masum, M.** Behavioral-cardiometabolic discordance among U.S. breast cancer survivors: A nationally representative NHANES study. Prepared for *Journal of Cancer Survivorship*. ---

Sufyani, T., & **Masum, M.** Shifting risk factors for depression from young adulthood to early midlife: A within-cohort comparison using the National Longitudinal Study of Adolescent to Adult Health. Prepared for *American Journal of Public Health*. ---

Masum, M. Software application profile: brfssdata, an R package for reproducible, design-correct access to Behavioral Risk Factor Surveillance System microdata, 1985 to 2024. Prepared for *International Journal of Epidemiology*. ---

Masum, M., Jahan, J. T., Sristy, U. S., Weinstein, R., & Udo, T. Who counts as a non-drinker? Reference-group construction and the alcohol-cardiovascular-kidney-metabolic gradient. Prepared for *Addiction*. ---

Masum, M., Dhaliwal, A., Sufyani, T., Taylor, Z., & Tracy, M. Volume, pattern, or threshold? How exposure definition shapes the alcohol-cardiovascular-kidney-metabolic association. Prepared for *American Journal of Epidemiology*. ---

Masum, M., Azamatova, A., Yao, X., Yerdenova, M., & Vasquez, E. Forty years of moving targets: BRFSS alcohol instrument change and national drinking trend estimates. Prepared for *SSM – Population Health*. ---

Masum, M., Ajay, V., D'Ambro, I., Frimpong, M., & Appleton, A. Same construct, three instruments: Cross-survey comparability of US adult alcohol measurement. ---

Masum, M. Agentic AI for harmonizing the Behavioral Risk Factor Surveillance System (BRFSS): An open, reproducible pipeline. Concept note in development. ---

Osokpo, O. H., **Masum, M.**, Nemati, D., & Kum, C. Adverse Social Determinants Track With Poorer Cardiovascular Health in U.S. Adults With Heart Failure. Manuscript in preparation. ---

Tolentino, D., Choi, S. E., Duru, O. K., & **Masum, M.** Predicting dysglycemia in adults using social determinants of health and allostatic load: A machine learning model. *Biopsychosocial Science and Medicine*. ---

Masum, M., Staff, J., & Maggs, J. Binge drinking in your 30s and early 40s: implications for self-reported health. Prepared for *SSM – Population Health*. ---

Masum, M. Racial/ethnic disparities in early midlife cardiovascular disease mortality risks among lifetime abstainers: an age-period-cohort analysis of National Health Interview Survey, 1997–2018. ---

■ Ongoing Projects

Zanwar, P., **Masum, M.**, et al. Oral health and aging in South and East Asia: A scoping-review. *Alzheimer's & Dementia*. ---

Masum, M. Who are the lifetime abstainers in the United States? An age-period-cohort analysis of National Health Interview Survey, 1997–2018. ---

Masum, M., Staff, J., & Maggs, J. Childhood alcohol use as a robust predictor of binge and high-intensity drinking in late adolescence in the Millennium Cohort Study. ---

Grants

■ Funded

AI & Society Research Center Workshop Grant Nov. 2026 -- June 2027

Who Counts, and Who Decides? Expert Rulings on When AI Must Defer to a Person in Harmonizing Four Decades of U.S. Health Survey Data | PI: Muntasir Masum | $10,000

Selected Nov. 2026 through the University at Albany AI & Society Research Center's 2026-2027 Workshop Grants Program. Expert workshop planned for March 2027 with New York State Department of Health partners; funds to be expended by June 1, 2027.

AI Plus Institute Agentic AI Seed Grant Aug. 2026 -- June 2027

Agentic AI for Harmonizing Behavioral Risk Factor Surveillance System (BRFSS) Data | PI: Muntasir Masum | $5,000

Selected June 2026 through the University at Albany AI Plus Institute's 2026 Agentic AI Seed Grant program.

■ Submitted (Under Review)

UAlbany-IBM Center for Emerging AI Systems (CEAIS) 2026 RFP Nov. 2026

Agentic Population-Health Surveillance on the AIU Spyre: Measuring Performance and Testing Whether Reduced Precision Changes the Results | PI: Muntasir Masum. IBM Collaborator: Prasanna Sattigeri (IBM Research) | $100,000

White paper submitted Aug. 2026; invited full proposal submitted Nov. 2026. 12-month project.

Amazon Research Awards (AWS Agentic AI) Oct. 2026

Verified Agents for Population Health Surveillance: Trajectory Verification in Harmonizing and Linking BRFSS | PI: Muntasir Masum | $70,000

Agentic AI call for proposals, Fall 2026. Submitted Oct. 27, 2026. $70,000 unrestricted gift plus $30,000 in AWS promotional credits.

NYSERDA PON 6220 (Category A) Oct. 2026

Health accountability for black carbon, brown carbon, and source-specific air toxics in New York State through 2028 | PI: Muntasir Masum. Co-PI: Md. Aynul Bari | $248,502

New York State Energy Research and Development Authority, Energy-Focused Air Quality and Health Effects Research. $248,502 requested plus $95,095 cost share; Apr. 2027 to Mar. 2030.

AI Plus Institute Grant for Planning Large Interdisciplinary Projects (PLIP) Oct. 2026

Who Gets Counted: Auditing Clinical and Machine-Learned Alcohol Phenotypes and the Genetic and Social Contrasts Built on Them | Co-Leads: Muntasir Masum (contact), S. M. Ashiqul Islam. Team: Allison A. Appleton | $10,000

University at Albany AI Plus Institute; 18-month planning award toward an NIAAA R21 submission (June 2027).

BU-SHARP Emerging Scholars Pilot Grant (Letter of Intent) Oct. 2026

Drinking Cessation and Dementia Risk in the Health and Retirement Study | PI: Muntasir Masum | $20,000

Boston University SHARP Center (NIA P30AG097147), 2027-28 cycle. Letter of intent submitted Oct. 2026; full application by invitation, due Mar. 1, 2027.

UAlbany Innovation Funding for Undergraduate Research and Creative Endeavors Oct. 2026

Four Decades of Health Behavior in the United States: Undergraduate Research with Open CDC Survey Data | PI: Muntasir Masum | $4,950

Minerva Center for High-Impact Practices, 2026-27 cycle. Supports two undergraduate research assistants in Spring 2027.

IES NCSER Methods Training Grant (ALN 84.305B) Oct. 2026

Population Analytics Training for High-quality Special Education Research (PATHS) | PI: Paul L. Morgan. Co-PI: Eric Hengyu Hu, Muntasir Masum, Yoonkyung Oh (UTHealth Houston) | $799,537

Submitted to the Institute of Education Sciences, National Center for Special Education Research (Research Training Programs in Special Education, Methods Training); $799,537 total costs over 3 years (Sept. 2027 to Aug. 2030). Virtual methods training program on analyzing state longitudinal data for research on students with or at risk for disabilities.

Joint Fire Science Program (JFSP) FY2027 Sept. 2026

Understanding Spatiotemporal Variability of Prescribed Burning and Associated Impacts on Local Air Quality and Public Health | PI: Md. Aynul Bari. Co-PI: Muntasir Masum

Submitted under FA-NOFO0027-002, Task Statement II (smoke impacts). Masum leads the public health component.

Burroughs Wellcome Fund Climate Change and Human Health Seed Grant July 2026

Do Wildfire Smoke and Heat Waves Drive Binge Drinking and Mental Distress, a National Behavioral-Surveillance and Exposure-Science Study | PI: Muntasir Masum. Collaborator: Md. Aynul Bari | $49,814

Submitted July 23, 2026.

■ In Preparation

UAlbany Catalyst 2030 Talent Recruitment Program Due Nov. 19, 2026

Measurement Science for Alcohol and Cardiometabolic Aging: A Harmonized Alcohol Exposure Resource for the Center for Healthy Aging | PI: Muntasir Masum. Co-PI: Allison A. Appleton | $300,000

Office of the Vice President for Research and Economic Development; up to $100,000 per year for up to 3 years to recruit a postdoctoral scholar to the Center for Healthy Aging.

Life Course Center Emerging Scholar Program (Letter of Intent) Due Nov. 29, 2026

Legal Access to Alcohol in Young Adulthood and Functional Limitation in Later Life: A State-by-Cohort Natural Experiment in IPUMS Census Data | PI: Muntasir Masum | $55,000

University of Minnesota Life Course Center (NIA-funded), 2027-2029 cohort. Full proposal by invitation, due Jan. 2027.

K01 Project Submit Feb. 2027

Causal and Machine-Learning Approaches to Life-Course Alcohol Use and Cardiometabolic Risk | PI: Muntasir Masum

NIAAA K01 (PA-24-176), due February 12, 2027. Mock-reviewed by NHLBI in April 2025.

R21 Project (on-hold) On hold

Lingering legacy: Exploring the link between historical redlining and binge drinking in early midlife | PI: Muntasir Masum. Co-PI: Melissa Tracy, Samantha Friedman

Mock-reviewed by NIDA. Will be submitted to NIAAA.

■ Completed

SUNY AI Platform Award Dec. 2025 -- Mar. 2026

Machine Learning-Based Prediction of Cardiovascular Disease Risk in Early Midlife: Integrating Alcohol Use Patterns and Biomarkers | PI: Muntasir Masum | $100,000

Leverages Google Cloud Platform AI capabilities to develop predictive models for cardiovascular disease risk in adults ages 30-49.

UAlbany Bridge Funding Award for Small Research Project (SRP) Jan. 2026 -- June 2026

Alcohol trajectories and cardiovascular risk | PI: Muntasir Masum | $15,000

SUNY Downstate, R25 Parent Award, NHLBI. Supports K01 grant application pilot project.

UAlbany Faculty Research Awards Program - A 2023 -- 2024

Examining the mediating role of racial/ethnic disparities in the contextual determinants of binge drinking during early midlife | PI: Muntasir Masum | $19,915

May 2024 - October 2025.

■ Not Funded

NIH R21 (1R21AA033680-01) Feb. 2026

Behavioral Risk Surveillance of Mental Distress: Identifying Modifiable Risk and Protective Factors in U.S. Adults | PI: Muntasir Masum, Co-I: Anandamayee Majumdar

Submitted under PA-25-304 (NIH Exploratory/Developmental Research Grant, Parent R21); assigned to NIAAA. Reviewed by ZRG1 HTM-U (02), August 2026; not discussed.

NIA Biomarker Network Pilot Project July 2026

Calibration and Subgroup Fairness of Epigenetic and Cardiometabolic Biological-Age Measures in the Health and Retirement Study | PI: Muntasir Masum | $25,000

NIA Biomarker Network (University of Michigan ISR; NIA R24 AG037898). Pre-proposal invited to full proposal; full proposal not approved for funding (August 2026).

NIH R21 (1R21ES039441-01) Feb. 2026

Assessing health effects of ambient brown carbon and indoor black carbon concentrations in NYS | MPI: Md. Aynul Bari (contact), Muntasir Masum | $275,000

Submitted under PA-25-304 (NIH Exploratory/Developmental Research Grant, Parent R21); assigned to NIEHS; $275,000 direct costs over 2 years. Reviewed by the Social and Environmental Determinants of Health (SEDH) study section, June 2026; not discussed.

HEI RFA 26-1 June 2026

Quantifying the Avoided Health Burden of Traffic VOC and Particle Reductions Across U.S. Metropolitan Areas | PI: Muntasir Masum. Co-PI: Md. Aynul Bari. Co-I: Asif Ahmed. Advisor: Philip K. Hopke | $500,000

Preliminary application submitted to the Health Effects Institute (HEI RFA 26-1, Assessing the Impacts of Strategies to Reduce Traffic-Related Emissions in the United States); 3-year study. Not invited to submit a full application (12 of 64 preliminary applications invited).

William T. Grant Foundation 2026

Understanding and Reducing Alcohol Use Disparities Among LGBTQ+ Youth: A Mixed-Methods Study to Inform Targeted Prevention Messaging | PI: Muntasir Masum. Co-PI: Haven Battles, NYSDOH

Health and Extreme Weather Research Award December 2025

Transportation Disruptions and Health Outcomes During New York City Flash Flooding | PI: Asif Ahmed (SUNY Polytechnic Institute), Co-PI: Muntasir Masum

Submitted to the Natural Hazards Center, University of Colorado Boulder.

Small Research Project (SRP) 2025

Alcohol trajectories and cardiovascular risk | PI: Muntasir Masum | $15,000

SUNY Downstate, R25 Parent Award, NHLBI.

Center for Aging and Policy Studies (CAPS) 2024

Lingering Legacy: Exploring the Link Between Historical Neighborhood Redlining and Cardiovascular Disease Risk in the United States | PI: Muntasir Masum

Teaching

■ University at Albany

EPI 601 General Topics in Epidemiologic Methods	Fall 2026
EPI 682 Epidemiology and Biostatistics PhD Student Seminar	Fall 2026
EPI 517 / HSPH 417 Alcohol Epidemiology	Spring 2027
EPI 553 Principles of Statistical Inference II	Spring 2026, Spring 2027
EPI 501 Principles and Methods of Epidemiology I	Summer 2026 (online), Fall 2025, Fall 2025 (online), Fall 2024, Spring 2024 (online), Fall 2023
HSPH 459 Alcohol, Society, & Health	Spring 2025

■ The University of Texas at San Antonio

Quantitative Analysis for Public Administration and Policy Spring 2020

■ Prior teaching (Sociology)

University of Dhaka, North South University, and McMaster University 2011 -- 2016

■ Teaching Evaluations

EPI 553 (Principles of Statistical Inference II), Spring 2026: overall teaching rating 4.88 / 5.00 (83% response, n = 25).

Presentations

■ Invited Talks

Masum, M. "AI-Assisted Statistical Analysis in Graduate Education: Integrating Claude with RStudio for Teaching Regression Methods in Epidemiology." Faculty Innovation Fellowship Kick-off Meeting, AI & Society College, University at Albany, Albany, NY. 2026

Masum, M. "Agentic AI for Quasi-Experimental Surveillance of State Alcohol Policy and Cardiometabolic Health." AI Plus Institute Convening, University at Albany, Albany, NY. 2026

Masum, M. "Agentic AI for Public Health Policy Evaluation." Faculty Research Opportunity (Agentic AI Convening), University at Albany, Albany, NY. 2026

Masum, M. "AI-Assisted Statistical Analysis in Graduate Education: Integrating Claude with RStudio for Teaching Regression Methods in Epidemiology." UAlbany AI Plus Symposium. 2026

Battles, H., Balu, R.K., Bennet, B., **Masum, M.**, Memaj, I., Sauer, J., & Haley, S. "Prioritizing alcohol policy: Local action, statewide solutions." American Public Health Association annual conference 2025, Washington, DC. 2025

Masum, M. "No Protective Effect of Moderate Drinking." Beyond Addiction Symposium, University at Albany, Albany, NY. 2025

Masum, M. "No Protective Effect of Moderate Drinking." Aging Safely Prevention Coalition at Family and Children's Association, Hempstead, NY. 2025

Masum, M. "Predictive Modeling of Cognitive Function in Early Midlife: A Comparative Analysis of Machine Learning Techniques." CAPS Annual Conference, Cornell University, Ithaca, NY. 2024

Masum, M., Staff, J., & Maggs, J. "Childhood alcohol use as a robust predictor of binge and high-intensity drinking in late adolescence in the Millennium Cohort Study." Prevention Research Center Seminar, Penn State, University Park, PA. 2022

Masum, M., & Sparks, J. "Labor force status as a buffer against mortality risks associated with alcohol consumption: A study of adult US women, 2001-2015." PRI Pop-Health Working Group, Penn State, University Park, PA. 2022

Masum, M., Howard, J.T., Grigsby, T.J. "Combined alcohol use and weight status effects on mortality risk among adults: Analysis of the National Health Interview Survey linked mortality files, 2001-2015." PRI Postdocs & Graduate Students Flash Talks, Penn State, University Park, PA. 2021

■ Conference Presentations

Sufyani, T., & **Masum, M.** "Shifting Risk Factors for Depression from Young Adulthood to Early Midlife: A Within-Cohort Comparison Using the National Longitudinal Study of Adolescent to Adult Health." American Public Health Association Annual Meeting, San Antonio, TX. 2026

Masum, M., Nemati, D., Kum, C., & Osokpo, O. "Influence of Social Vulnerability on Cardiovascular Health of Heart Failure Patients." American Heart Association Scientific Sessions, Chicago, IL. 2026

Osokpo, O., Kum, C., Nemati, D., & **Masum, M.** "Association of Adverse Social Determinants of Health with Life's Essential 8 Metrics in Heart Failure Patients: Insights from NHANES (2011-2020)." American Heart Association Scientific Sessions, Chicago, IL. 2026

Sristy, U. S., & **Masum, M.** "Short Sleep, Socioeconomic Position, and Hypertension in U.S. Adults: Social Patterning of Sleep and the Role of Adiposity (NHANES 2021-2023)." IAPHS Annual Conference. 2026

Zheng, H. & **Masum, M.** "Childhood food autonomy and household income: a longitudinal examination of their influence on BMI from adolescence to early midlife." IAPHS, Pittsburgh, PA. 2025

■ Workshop Participation

Gateway to Global Aging Data Research Workshop on Cross-Country Comparisons. Gerontological Society of America (GSA) Annual Scientific Meeting, National Harbor, MD (accepted; did not attend). 2026

Summer Institute in Computational Social Science (SICSS-UW). University of Washington, Seattle, WA (accepted; did not attend). 2026

Maximize Productivity With AI Tools (Google, Coursera Course Certificate). Coursera (verify: coursera.org/verify/OC44U1MFE320). 2026

Nerdery | SUNY | Google UAlbany Professor Training. University at Albany, Albany, NY. 2025

AI/ML Workshop. Population Association of America (PAA), Washington, DC. 2025

Mid-year Review, SUNY Downstate, PRIDE-CVD Program. Chicago, IL. 2024

Workshop III – Mock Review of Grant Application. NIDA Diversity Scholars Network, Rockville, MD. 2024

SHARP Training in Epigenetics Boot Camp. Columbia University Mailman School of Public Health. 2024

SHARP Training in PI Leadership Skills. Columbia University Mailman School of Public Health. 2024

2023-24 Proposal Writing Course. University at Albany, SUNY. 2023

Leveraging Academic-Community Partnerships to Advance the Measurement of Structural Racism in Health Equity Research. IAPHS, Minneapolis, MN. 2022

Exploring and Analyzing Monitoring the Future Data. ICPSR Summer Program, UMICH, Ann Arbor. 2022

Summer Institute in Survey Research Techniques - Health and Retirement Study Workshop. UMICH, Virtual. 2022

29th Annual PRI Methodology Workshop, High Frequency Measurement Data. Penn State, State College. 2022

Grant Writing Bootcamp, PAMT. State College, PA. 2022

Latent Class Analysis. Statistical Horizons. 2022

Workshop in Formal Demography. University of California, Berkeley, CA. 2021

Data visualization – the art/skill cocktail. Max Planck Institute for Demographic Research (MPIDR), Virtual. 2020
Add Health: Design, Data, Access and Effective Use. Population Association of America, Austin, TX. 2019
IPUMS Workshop. Southern Demographic Association, Raleigh, NC. 2018
Life table and decomposition analysis for population health research (using R). Max Planck Institute for Demographic Research (MPIDR), Rostock, Germany. 2018

Software & Tools

brfssdata (R package), 2026. Programmatic access to CDC Behavioral Risk Factor Surveillance System microdata, 1985–2024. Survey years are cached locally as parquet and queried with DuckDB, returning tibbles or ready-made srvyr survey designs with era-correct weights and strata, including the 2011 cell-phone design break. The hosted parquet files are also readable from Python, Stata, SAS, Julia, and DuckDB. Version 0.1.0, published on CRAN, August 2026. doi: 10.32614/CRAN.package.brfssdata. Zenodo concept doi: 10.5281/zenodo.21972542. muntasirmasum.github.io/brfssdata
CIHS Course Waiver Evaluator (R/Shiny), 2026. Web application that helps faculty evaluate graduate course-waiver requests by comparing student-submitted syllabi against departmental course content (local NLP, Ollama, and Claude API methods), producing match scores and downloadable PDF reports. muntasirmasum.shinyapps.io/course_waiver_app

Public Writing

Alcohol Intelligence (Substack newsletter), 2026 – Present. Essays on who drinks, how much, and what public health data can and cannot tell us about alcohol. mmuntasir.substack.com
Masum, M. "Who Drinks America's Alcohol?" *Alcohol Intelligence*, October 20, 2026. mmuntasir.substack.com/p/who-drinks-americas-alcohol

Honors, Awards & Fellowships

■ Fellowships

AI & Society Research Fellowship	AI & Society Research Center, University at Albany (co-funded by the Institute for Social and Health Equity) ($5,000 stipend)	2026 -- 2027
Faculty Innovation Fellowship	AI & Society College, University at Albany ($5,000 stipend)	2026 -- 2027
E3 Provost Fellowship	University at Albany	2025
PRIDE Summer Institute Training Program	SUNY Downstate Health Sciences University	2024
NIDA Diversity Scholars Network (NDSN)	Program Officer: Aria Crump	2024
T32 Postdoctoral Fellowship, Prevention and Methodology Training Program (PAMT)	The Pennsylvania State University, NIDA ($53,450 annually)	2021 -- 2023
Graduate Presidential Distinguished Research Fellowship	The University of Texas at San Antonio ($10,000 annually)	2017 -- 2021

■ Awards & Research Support

Proposal Writing Course Award	Office of the VP for Research and Economic Development, UAlbany, $1,000	2025
Grant Writer Workshop Award	Center for Aging and Policy Studies, $2,000	2024
Travel Scholarship, IAPHS Annual Conference	IAPHS, $500	2022
Travel Award	Prevention Research Center, Penn State, $500	2022
Poster Winner, IAPHS Annual Conference	IAPHS, $100	2020
Outstanding Graduate Student Award	College for Health, Community and Policy, UTSA, $500	2020
Travel Award	UTSA, $500	2019
Graduate Student Professional Development Award	UTSA, $550	2018
Travel Award, College of Public Policy	UTSA, $700	2018

Best Research Paper, College of Public Policy	UTSA, $500	2018
Graduate Research Assistantship	UTSA, $22,500 annually	2017 -- 2021
Graduate Teaching Assistantship	McMaster University, $20,244 annually	2011 -- 2012

Service

■ Department & University

Organizer, Departmental Research Seminar Pilot (Epidemiology & Biostatistics)	University at Albany	2026
Panelist, 'Designing Dynamic Online Courses: A Faculty Panel for CIHS Instructors' (CIHS and CATLOE)	University at Albany	2026
Invited Guest, 'Pause for Teaching' Podcast (CATLOE, Season 3: Inclusive Teaching)	University at Albany	2026
CATLOE 'Thank a Teacher' Recognition (student nomination, EPI 501)	University at Albany	2026
Peer Teaching Evaluator for Dr. Elizabeth Vasquez (promotion to Full Professor)	University at Albany	2026
Epidemiology PhD Curriculum & Qualifying Exam Workgroup (Member)	University at Albany	2026
Presidential AI Taskforce, Teaching & Learning Sub-Committee (Member)	University at Albany	2026
CIHS Academic Review Committee (Chair)	University at Albany	2025 -- Present
FRAP-A Review Subcommittee	University at Albany	2025
CIHS Program Review Committee	College of Integrated Health Sciences, University at Albany	2024

■ Mentoring

Faculty Preceptor, Public Health Research Placement (HSPH 499)	University at Albany Interns: Harmoni Fiddemon, Karimah Muhammad (Spring 2026); Jenesis Jacob, Tiffany Sai (Fall 2026)	2026
Faculty Advisor, MS Epidemiology Field Placement	University at Albany Suruchi Shahi (Jubilant Birth Albany evaluation, United Way of the Greater Capital Region)	2026
Independent Study Supervisor, Manuscript Writing	University at Albany Morgan Scarzafava	Fall 2026
AIM-AHEAD Bridge2AI AI-READI Mentoring Program	UT Health Science Center at Houston Mentees: Dr. Roshonda Jones, Dr. Dante Tolentino	2025
IAPHS Mentoring Program	IAPHS Mentees: Stuti Das (2024), Ana Shetler (2025)	2024 -- 2025
External Dissertation Committee	University of Texas at San Antonio	

■ Student Advising

Bikash Pal · Radhika Prasad · Ericka Cave · Morgan Scarzafava · Nishat Tasnim · Allison Klein · Ummat Safwat Sristy · Suruchi Shahi · Isabel Pecora

■ Grant Review

Early Career Reviewer (ECR) Program, Accepted Participant	Center for Scientific Review, National Institutes of Health	2026 -- Present

■ Ad-Hoc Reviewer

American Journal of Preventive Medicine; *Alcoholism: Clinical and Experimental Research*; *Drug and Alcohol Dependence*; *Preventive Medicine*; *Scientific Reports*; *Frontiers*; *BMC Public Health*

■ Abstract Reviewer

IAPHS; PAA/ADC

■ Professional Organizations

Organizing Committee Member, Alcohol Epidemiology	NYSDOH	2024
Member	Society for Epidemiologic Research (SER)	2023 -- Present
Member	Research-to-Policy Collaboration Rapid Response Network	2022 -- Present
Member	Society for Prevention Research (SPR)	2022 -- Present
Member	Interdisciplinary Association for Population Health Science (IAPHS). Session Chair, Health Behaviors and Outcomes (2024), Program Committee (2023), Abstract Reviewer (2020--Present), Membership & Student Committee (2019--2021)	2019 -- Present
Member	Southern Demographic Association (SDA)	2018 -- Present
Member	Population Association of America (PAA). Program Committee (2024, Mortality), Co-Chair Applied Demography Conference (2023)	2018 -- Present
Member	American Sociological Association (ASA)	2012 -- 2021
